Welcome to the June 2006 edition of the Radio HF Internet Newsletter. I'm pleased to welcome a number of new subscribers again this month. We have a selection of links to web sites which I hope you will find informative and entertaining.

I would like to begin this month's issue with a very special "Thank You" to the following 32 Radio HF Internet Newsletter subscribers. You are the 32 people among our over 1000 subscribers who made the choice to support me with a pledge for the Baillie Birdathon. With your help, I was able to raise my highest total of pledges in the four years I have participated in this fundraising event in support of Bird Studies Canada, with just under $2000. This support is greatly appreciated and, I assure you, the money will be well spent to support our feathered friends and conservation in general. The total number of species seen this year during the 24-hour period was 84, also a new record for me. Thank you to:

John Fisher, John Grow, Brian Jeffrey, Dick Pearce, James Strader, Cindy Canavan, Gary Thorburn, Robert Paknys, Craig Brander, Alan Porter, G. Michael Woloch, William Ellis, J. M. Deveault, Brian & Irene Penney, Dr. Harold Cones, James Keep, David Balint, Rodney Jones, John Bigony, David Keely, Andrew Foot, Alex Vegh, Claude Beaupre, Martin Gallas, Terry Jones, Leo Lalonde, Jan Lindstrom, Mike Cuggy, Ed Janusz, Janice Laws and Steve Karlock.

Our Monthly Special Zone for June includes sites dealing with D-Day, Father's Day, World Environment Day, and World Refugee Day.

## THE MONTHLY SURVEY

### LAST MONTH'S SURVEY

Last month's question was: What is your "guilty pleasure" food?

We had 18 responses to the survey and the favourite guilty pleasure food is ice cream with 5 votes. Smoked meat (a Montreal specialty) had two votes. Some other single mentions included nachos, Belgian chocolate, fish & chips, potato chips, and baked Alaska!

### THIS MONTH'S SURVEY

Perhaps a lot of you are not football (soccer) fans, but it will be hard to avoid talk and coverage of one of the most watched sporting events in the world as the FIFA World Cup gets under way in Germany this month. There are 32 national teams from 6 continents participating for one of the most sought-after sports trophies on the planet. You'll find the official website for the tournament listed in the Monthly Special Zone. For you avid, or even somewhat interested, football fans, our question this month is a simple one. Which country do you think will win the 2006 FIFA World Cup?

Please send your response, by e-mail, to

## THE MONTHLY SPECIAL ZONE

## D-DAY ON THE WEB

http://www.isidore-of-seville.com/d-day/

Welcome to D-Day on the Web, a comprehensive guide and web directory to the allied invasion of Normandy begun on June 6, 1944. On this site you will find historical essays, images, personal accounts and other sites pertaining to D-Day, evaluated and sorted for your convenience. There are some 200 sites, organized into eleven categories and numerous subcategories, including some 32 personal accounts from infantrymen, paratroopers, pilots and sailors -- far more than is available on any single site. The Saving Private Ryan section juxtaposes clips and stills from the movie with reviews and analyses.

## LOVE YOU FATHER

http://www.loveyoufather.com/

Father's Day is a day of commemoration and celebration of Dad -the special man in our life. We often forget the sacrifice of our fathers and the roles they have played in shaping our lives. Father's Day gives us the opportunity to show and express our love and care to this man, who deserves our support most. Father's Day is the most appropriate platform to make us look beyond 'our own' family and honor the man who brought us joy and happiness. Father's Day is a day to honor not only your father, but all men who have acted as a father figure in your life - whether as Stepfathers, Uncles, Grandfathers, or "Big Brothers."

## WORLD ENVIRONMENT DAY

http://www.unep.org/wed/2006/english/

World Environment Day, commemorated each year on 5 June, is one of the principal vehicles through which the United Nations stimulates worldwide awareness of the environment and enhances political attention and action. The World Environment Day theme selected for 2006 is Deserts and Desertification and the slogan is Don't Desert Drylands! The slogan emphasizes the importance of protecting drylands, which cover more than 40% of the planet's surface. This ecosystem is home to one-third of the world's people who are more vulnerable members of society. The main international celebrations of the World Environment Day 2006 will be held in Algeria. UNEP is honoured that the City of Algiers will be hosting this United Nations day.

## UNITED NATIONS WORLD REFUGEE DAY

http://www.unhcr.org/cgi-bin/texis/vtx/events?id=3e7f46e04

On World Refugee Day, June 20, the United Nations asks you to remember the millions of refugees under our care who are trying to pick up the pieces of once-peaceful lives. As different as they are from each other, one thing connects them all: hope for a better future and a chance to restore lasting peace to their lives. Help us keep that flame of hope alive!

## FIFA WORLD CUP 2006

http://fifaworldcup.yahoo.com/06/en/

One of the largest and most watched sporting events in the world gets under way on June 9th in Germany, with teams participating from 32 countries, from 6 continents.

articles about all manner of subjects. DamnInteresting.com was originally founded by Alan Bellows, and he is also responsible for the site's design and programming.
Our site is often mistaken for a news site, but that's not what we're aiming for. Though we occasionally post bits which qualify as news, our primary aim is to collect and dispense damn interesting facts and ideas, whether they appeared in the past, present, or the (anticipated) future.
